Week 7 Term 4

PRINCIPAL'S PIECE

Remembrance Day

On Monday 11th November our School Captains Daniela Dominicata and Riley Anstey proudly represented our school at the community Remembrance Day Service at Mactier Park. They laid a beautiful wreath, which was especially made by our art teacher Billie Kovac. At school JSC members - Charlotte Ross, Kimberly Coonerty and Olivia Attoni conducted a service reflecting on the significance of the date. We observed one minute of silence, remembering those who died or suffered for Australia's cause in all wars and armed conflicts.

Unwanted School Uniforms

If there are families who have unwanted school uniforms in good condition the school would be most appreciative to receive them.

Grade 1/2 Excursion to Mansfield Zoo

Last Friday I had the pleasure of attending the Grade 1/2 excursion to the Mansfield Zoo. The weather was perfect, allowing us to explore the zoo and learn about the many animals that live there. We were amazed to discover that it is home to over 100 native and exotic animals, including two rare White Lions - the only white lions in Victoria!! We even had our very own guided tour of the zoo. Our grade 1/2 students were wonderful representatives of our school - their behaviour was exceptional. Thank you to the many parents who came along on the day - your support and assistance was greatly appreciated. I would also

like to acknowledge all the work and organisation of Tayla Callaway, Nicole Evans and Justine Russell, which ensured it was such a successful day.

Tatura Medical Centre Free Fruit Friday Sponsors

We are very appreciative of the support we receive from the Tatura Medical Centre, which enables us to provide fruit and vegetables to all students every Friday. We have recently received confirmation that they are going to continue their sponsorship in 2020. This generous offer ensures that we are able to continue this worthwhile program.

Early Arrival at School

One of the main responsibilities of school is to ensure duty of care to all students, whenever they are on school site. Procedures have been put in place to ensure the safety and supervision of students from when they arrive at school until they enter the classroom. However, more and more we seem to have students arriving at school very early. Please remember that classroom teachers are often setting up for the day's learning and as such are not able to supervise your child. We ask you work with us and not send your children to school until the yard is supervised at 8.30am.

Curriculum Day

Just a reminder that **Thursday 5th December** will be our final curriculum day for the year. Students are not required to attend school, as teachers will be having a day of professional learning. Staff will be working with Berry Street educators, with a focus on trauma informed teaching and learning.

Acting Principal

PARENTS AND FRIENDS

Raffle books for our Christmas raffle have been sent home with your child. We would be most appreciative if you are able to sell these and return money and books by 12 December. Prizes will be drawn at the end of year concert.

We would also be most grateful for donations of items for prizes such as non perishable food items, Christmas items (decorations, cards, wrapping paper, activity books). Items may be left at the school office.

2020 STUDENT CHARGES

At last month's School Council meeting, School Council set the charges for students for 2020 at \$300.

Eligible families may be able to apply for CSEF which covers the cost of ex/ incursions. Families will be required to pay for camps and other activities which are optional and applicable to individual students. 3/4 and 5/6 Camps are expected to cost approximately \$330 per student.

Families are most welcome to pay by instalments. Please make arrangements with the school office.

In 2020, families are required to purchase their own stationery requirements for their child/ren from whichever supplier they prefer eg: Officeworks, Big W, Kmart, newsagents. Booklists will be given to students early in December. Whilst particular brands may be recommended, the choice is yours to make.

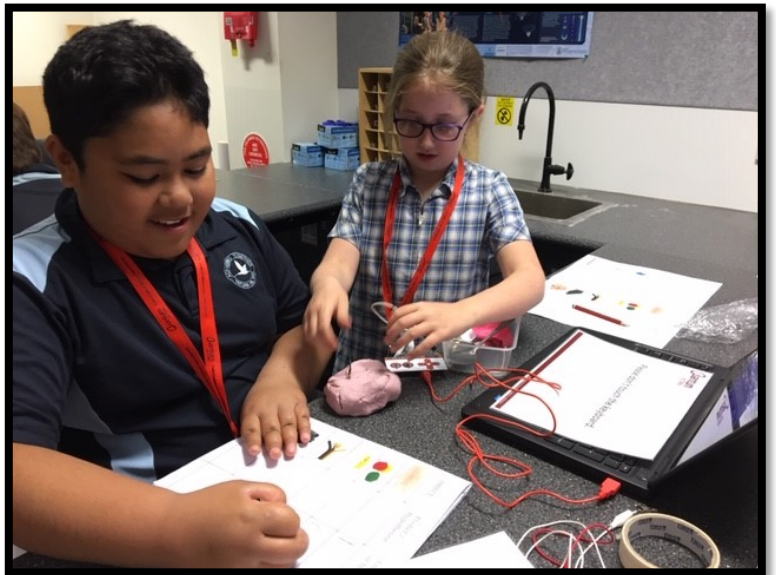

EXCURSIONS COMING UP

There are a number of excursions occurring in the next month or two. Please note if payment is required in order for your child to participate.

Invoices for term 4 music have been added to family accounts. Please pay these outstanding amounts in order for your child to continue with music lessons.

Mansfield Zoo

Gr 1/2s had a lovely time last Friday at the Mansfield Zoo. The weather was great for a day out in the sunshine. We had a lovely guided tour & listened to information about all of the animals that live there. All the kids loved being able to feed the animals pellets & cabbage leaves.

We want to thank all of our parent helpers who came along with us. Thanks Tim, Hayden, Pat, Alana, Mandy, Alison & Chloe. We appreciate your help.

CONCERT 2019

Concert practise has began. Please help us out by allowing your child to listen to their song & help them sing along. Recording will happen in a few weeks.

A note will come home soon about what your child will need to wear on the night for their performance.

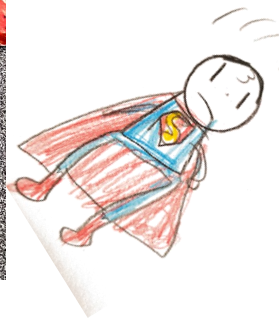

Foundation students made a double sided wooden puppet and dressed them in real fabric clothing.

Art

Tyson's superheroes

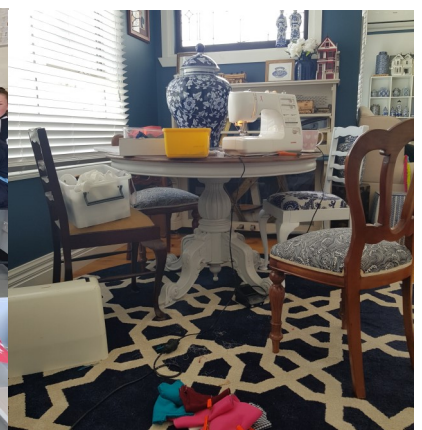

Stanley's landscape

Grade 1 and 2s all enjoyed an afternoon of painting outside on a warm spring day, making free art.

Foundation, Grade 1 and 2s all made a multi-media collage with oil pastel and then printing with stamps and stencils.

The Grade 5/6s are busy making their amazing Buddy Bears or Graduation Bears– here they are hand sewing, dying their bears and sewing the bear outfits. We are very grateful to Michael Newman and Lauren Amery for their sewing and gluing of eyes.

Colour Explosion

We have finished our Colour Explosion event with all of our prizes being handed out last week. Each class complete a PMI (feedback) for the event. We are very interested to hear back from our parents about this event.

Would you support another event 2020? (Please tick) Yes ☐ or No ☐

We would really appreciate any feedback you have about this event. Please fill the form & return it to the front office. A PMI allows you to tell us what was good about the event (**P**), what wasn't good about the event (**M**) & how could we improve this event (**I**).

If you feel comfortable attaching your name please do but we are happy to receive confidential feedback as well. NAME: _____

HOW WE TEACH YOUR CHILDREN WRITING AT TATURA PRIMARY

The Instructional Model we are sharing with you today is the **Writing** model.

During each reading lesson, teachers will begin by 'Tuning In' the students. They will share the Learning Intention and Success Criteria so students know what will happen in the lesson and how they can be successful. They engage the learners by practising vocabulary, grammar or sentence structure activities.

During the 'Explicit Teaching' section, teachers will model a skill to the whole class that they want the students to learn. This may be done through a mentor text, Modelled/Shared/Guided/Interactive writing or a Big Book online.

'Have a Go!' is the main part of the lesson. This is where students will use the skill they have just learnt and apply it to an activity that is differentiated to their ability. Students may participate in a mixed ability focus group, 1:1 conferencing or independent reading

'Reflection' time is where students can share their thinking. They are given time to turn and talk, be the teacher and receive feedback. They will hear the Success Criteria again so they know if they have achieved success during the lesson.

RECYCLE 1,000,000 BOTTLE TOPS

How you can assist us

Target 1,000,000 is a joint initiative between Grow With Joe, Envision, Wyndham City, Rotary and Lions. Together we will be gathering **1,000,000** bottle caps from a network of schools and community groups and transforming them into 3D filament, prosthetic hands, and other usable STEM items.

Check us at www.growwithjoe.org and www.envision.org.au

Plastic bottle caps are an essentially non-recycled waste product, also one of the top polluters in our oceans. We need you to collect as many as you can, then email us with your school's details. We will organize to pick them up and recycle them into 3D filament, prosthetic hands, and other usable STEM items for your school and others in the community.

School talks and demonstrations can be organized please, [email us](#)
